When a legacy gift to BC Children’s Hospital Foundation is made, a legacy of hope is created for BC’s kids. The Caring for the Future Society honours those who have generously made provisions for a future gift through their will, life insurance or trust arrangement as of December 31, 2014. We thank these thoughtful individuals for their support.

WAYS OF GIVING

There are many ways to make a gift to benefit BC’s kids.

Bequest in Your Will
A bequest is a direction in your will that a certain sum of money, a particular asset, or a portion of the estate is to be given to British Columbia’s Children’s Hospital Foundation (our legal name). A bequest made to the foundation generates a tax credit that offsets the tax otherwise payable on up to 100 per cent of your net income in the year of death. Unused credits can be carried back one year. These credits may result in significant income tax savings and increase your net estate.

Life Insurance
You can make BC Children’s Hospital Foundation the beneficiary of an existing or new life insurance policy. Giving life insurance is a way of making a significant gift without depleting your estate. At the end of your lifetime, the policy proceeds will be paid by the insurance company directly to BC Children’s Hospital Foundation. Depending on how the policy is structured, you may receive a tax benefit during your lifetime or your estate will receive the benefit.

Publicly Traded Securities
Donating securities is an effective way to give. If you own publicly traded securities that have increased in value and you decide to sell them, 50 per cent of the capital gain is taxable. However, if you donate these securities “in kind” to BC Children’s Hospital Foundation, no tax is payable on the capital gain. The resulting tax credit from the donation of the securities will reduce taxes payable on other income. Making a gift of publicly traded securities is easy to do. Please contact us for a transfer form to facilitate the process.

RRSP/RRIF
You can name BC Children’s Hospital Foundation as the direct beneficiary of the proceeds of your RRSP or RRIF, or you can make a gift of the proceeds from your RRSP or RRIF to BC Children’s Hospital Foundation in your will. The resulting tax credit may be used to offset the tax payable on the redemption of the proceeds of the retirement plan.

Pledges
Our pledge program offers you a convenient method of making contributions. The program allows you to spread your contribution over three to five years, usually commencing the year the pledge is made. You will receive full recognition for the value of your contribution as soon as the commitment is made.

BC Children’s Hospital Foundation is a registered Canadian charity and issues tax receipts for all donations. Tax credits generated by donations can offset tax otherwise payable on up to 75 per cent of your net income in the year of the gift. Any unused tax credits may be carried forward and used to offset taxes over the following five years.
