

CARING FOR THE FUTURE

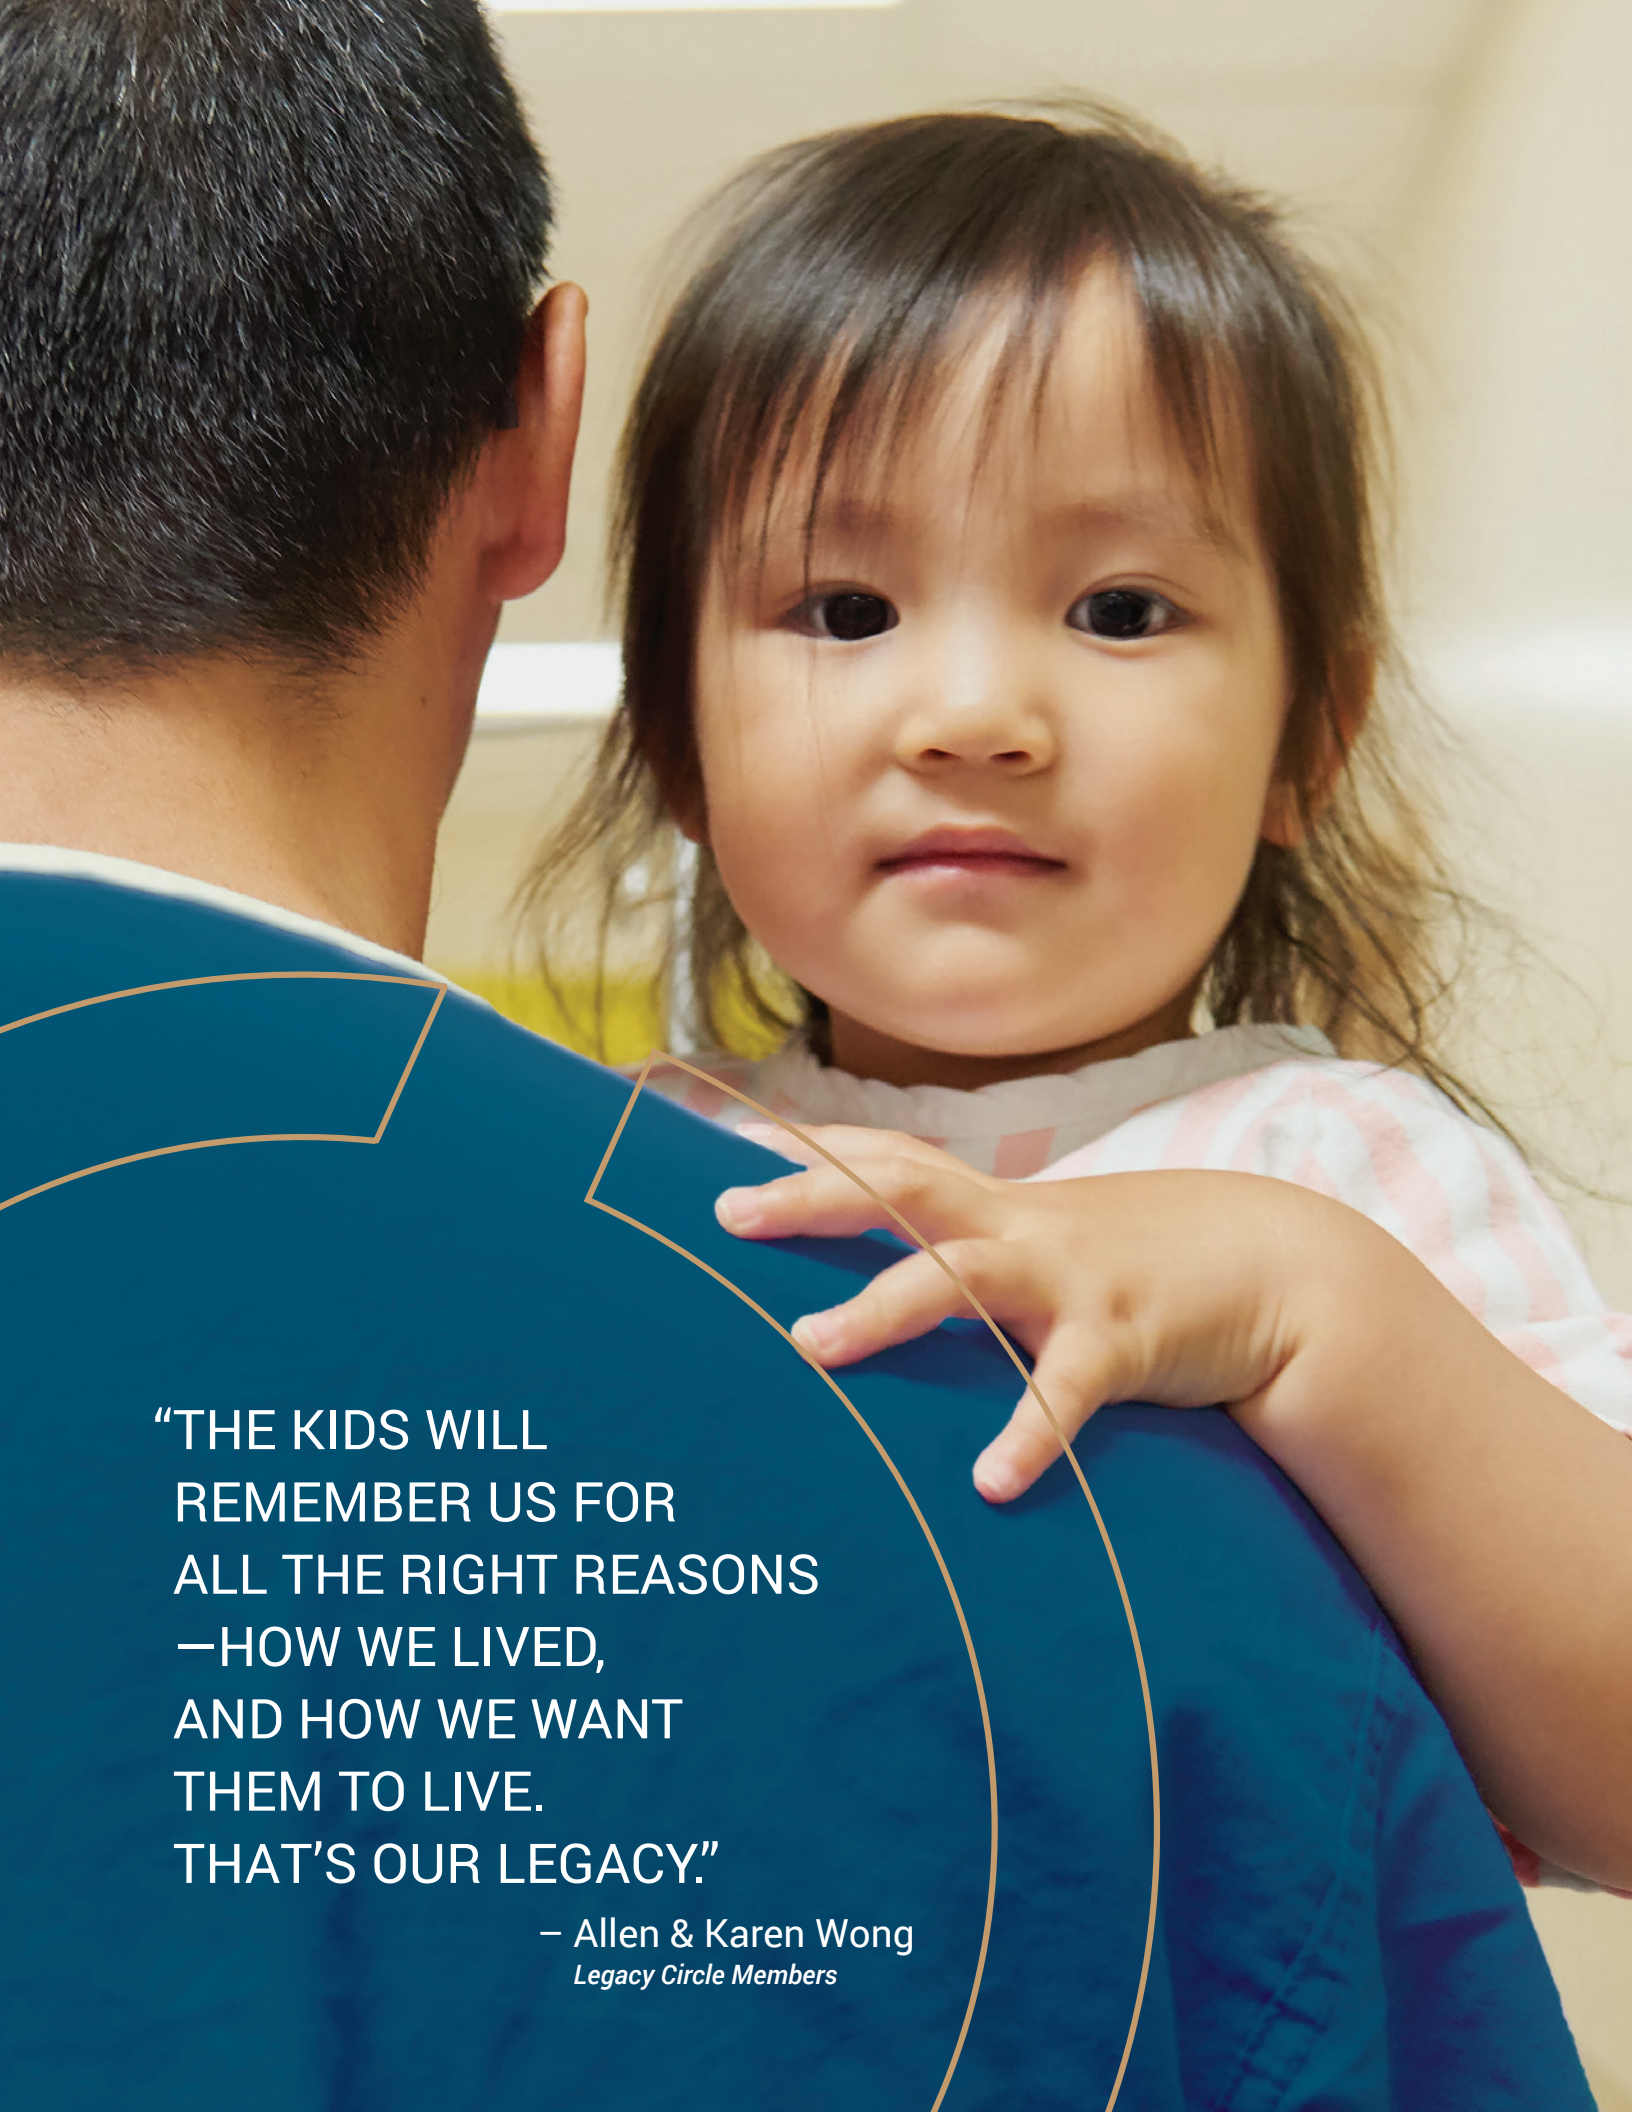

“IT IS SO IMPORTANT THAT
CHILDREN BE GIVEN THE
BEST CHANCE. THEY ARE
OUR FUTURE”

– Anneliese Bloch
Legacy Circle Member

“THE KIDS WILL
REMEMBER US FOR
ALL THE RIGHT REASONS
—HOW WE LIVED,
AND HOW WE WANT
THEM TO LIVE.
THAT’S OUR LEGACY.”

— Allen & Karen Wong
Legacy Circle Members

WE ARE BUILT TO HEAL

BC Children's Hospital is the only hospital in the province that's devoted exclusively to the care of children. Our pediatric specialists see more than 86,000 kids and teens each year—treating everything from the common to the most serious and complex conditions, including cancer, trauma and heart disease. In addition to providing clinical care, we are also the province's leading teaching and research facility for child health.

JOIN US FOR A NEW ERA

With the help of our donors, we've made meaningful strides in improving children's health throughout the last several decades. Today, we are curing diseases that were once thought to be incurable, including many childhood cancers and heart defects. What's more, kids born with genetic diseases like cystic fibrosis are thriving into adulthood. We're proud of these accomplishments and we are now ready to take pediatric care to even greater levels.

There is no better time to do so. We've recently built an extraordinary, state-of-the-art facility—the Teck Acute Care Centre—to heal the body, mind and spirit of kids and their families. We've also recruited the brightest medical minds from around the globe and filled the hospital with the most technologically advanced equipment. We are now at the threshold of infinite possibilities in child health.

BC Children's Hospital Foundation raises funds on behalf of the hospital to enhance pediatric health care. Through the generosity of our donors, we support critical initiatives within the hospital. This support funds everything from equipment designed specifically for children's growing bodies to making groundbreaking research studies possible.

CARE FOR THE **FUTURE**

When you leave a legacy gift to BC Children's Hospital Foundation, you will push the boundaries of what's possible in pediatric medicine. You will allow our researchers to continue their quest for new medical discoveries and breakthroughs in childhood diseases. You will help ensure that our hospital treats kids as kids—not just small adults—in every way

possible. And you will help to transform the trajectory of our children's lives by supporting initiatives that prevent many illnesses and injuries from starting in the first place.

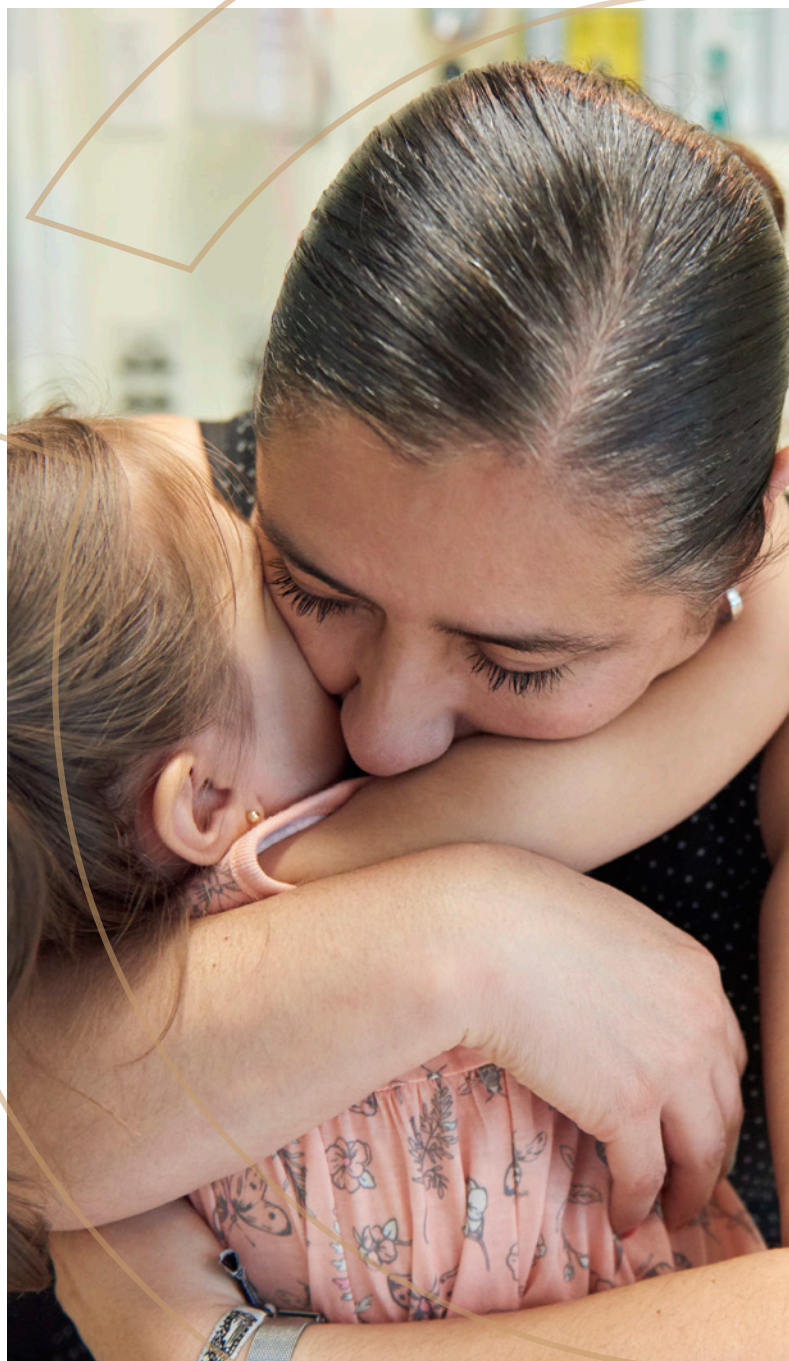

Thanks to the generosity of people like you, we are continually moving closer to our vision: that every child is healthy and able to fulfil their hopes and dreams.

DISCOVER MORE

BC Children's Hospital Foundation is asking you to be a driver of this new era in pediatric care. You can provide for your own family, and still create a lasting legacy.

We invite you to learn more about legacy giving by contacting the Gift & Estate Planning team at BC Children's Hospital Foundation at **604.335.5882**.

YOU CAN **HELP KIDS SHINE**

Legacy giving is easy to do. With many ways to express your values, you are sure to find an option that's perfect for you.

- Include a legacy gift in your Will
- Name BC Children's Hospital Foundation as a beneficiary of your RRSP, RRIF, Pension or TFSA
- Gift your life insurance policy to BC Children's Hospital Foundation

Your legacy gift to BC Children's Hospital Foundation provides you an assurance that you are caring for the future. It's an exciting era filled with extraordinary possibilities in child health, and we would be honoured if you join us in shaping it.

"I HOPE TO INSPIRE
MY DAUGHTER TO
GIVE AS WELL,
AND TO HELP MAKE
A DIFFERENCE."

– Sandy So
